- Significantly more cost-effective than bottled gas heaters
- Corrosion-resistant to handle the toughest outdoor environments
- Australian designed, engineered and assembled
- Convenient DIY installation for two models
- 2 year residential warranty

BLISS®

OUTDOOR HEATING

Stylish, high-quality heating solutions

Designed and engineered in Australia by an award-winning manufacturer, Bliss is a range of stylish, premium-quality electric radiant heaters, ideal for both indoor and protected outdoor heating applications. Its slimline design will perfectly complement your alfresco dining area, patio, verandah, garage or shed; or enhance commercial environments such as your café, restaurant, showroom, factory or warehouse.

- Elegant, unobtrusive slimline design
- Cost-effective electric heating
- Significantly cheaper to run than bottled gas heaters
- Radiant heat provides gentle, comfortable warmth
- Corrosion-resistant for harsh outdoor environments
- Easy DIY installation for two models, and multiple mounting options
- 2 year residential warranty

General Technical Data

Model	Running* Costs	Power (Watts)	Current (Amps)	Dimensions (mm)	Weight (kg)	Lead Length (mm)	Plug	Heating Area (m²)
BR1100	45c / hr	1800	7.5	1100 x 165 x 48	6	1000	Yes	3-4
BR1360	60c / hr	2400	10	1360 x 165 x 48	7	1000	Yes	4-5
BR1775	80c / hr	3200	13.3	1775 x 165 x 48	9	500	No	5-6

*Running costs based on \$0.25/kWh. Heating area is for a protected outdoor site

Minimum Mounting Height	2.1m	For higher ceiling, units can be lowered using chains & wires or optional bracket kits
Recommended Range	2.3m - 2.5m	
Maximum Height	2.7m	

Optional Controller

Thermofilm controller allows easy On/Off, Timer & Heat control of Heaters

- Simple On/Off function with LED indicators
- 3 Heat settings - High / Medium / Low
- Automatic timer control- 1/2/4/ hour options
- Addition of a remote control. Operational distance is approximate 8m in a straight line.
- Suitable for operation of single or multiple heaters
- Must be hard-wired. Max. 16 amps direct wired capacity
- 1 year warranty
- Not included as standard. Must be purchased separately

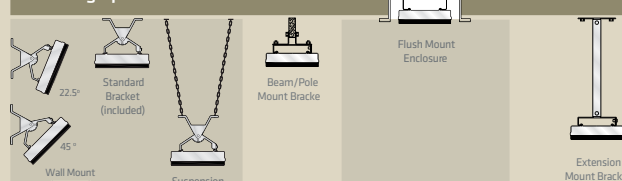

Running Cost	Outdoor Gas Heater	Bliss electric heater		
		BR1100	BR1360	BR1775
Per Hour*	\$2.77/hr	\$0.45/hr	\$0.60/hr	\$0.80/hr

*Costs based on an electricity rate of 25.0 cents/kWh. Calculations of hourly running cost for outdoor gas heater is based on \$25.00 average to fill a 9kg gas bottle and average running time of 9 hours. \$25.00 / 9 hours = \$2.77 per hour

Materials of Construction

High temperature ceramic coated extruded alloy. IP55 Rated

Mounting Options

Standard

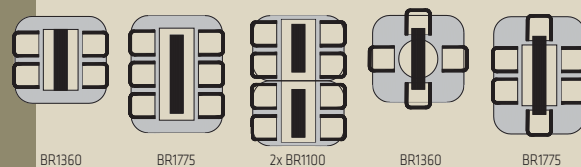

Optional Accessories

Part Number

THHAC-001	THHAC-005 (300mm)
	THHAC-006 (600mm)
	THHAC-007 (900mm)
	THHAC-008 (1200mm)

Table layout

Approximate number of heaters required to heat common residential table settings
